

Advance-Nilfisk Parts

Advance-Nilfisk Part - Think about how tiresome it will really be to clean up your home right after throwing a large party, without help from cleaning equipment. In the past, the time carpets and upholstery had the dust beat out of them by hand; brushes, brooms and cleaning cloths were the leading cleaning materials of that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After establishing his business in 1906, he started to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the beginning was to have an international business selling products internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This creation came in a time where numerous cleaning machines were very big and required at least 4 operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an ongoing problem; things get dirty and need to be cleaned regularly, without too much effort.

Slowly but progressively, Nilfisk-Advance grew all through the decades. In the nineteen eighties, this growth actually occurred when the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the business, aspiring to be amongst the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently found in all parts of the world due to steadily acquiring lots of small businesses to be able to grow their product selection and presence in new markets. They are proud to provide a range of cleaning solutions to fit each and every requirement.
